### ***Proud of our Past... Confident of our Future***

As well as preparing carefully for our future, we appreciate the many contributions of our former students, staff and families that have helped shape Wamberal PS. We have relocated some memorabilia from past achievements to enable them to be more accessible to students, parents and the wider community. During our school's history, we have been presented with many trophies and awards, covering a wide range of areas including sporting, the art and academic. These awards have been relocated to our school library, where they are now on display and can be viewed and appreciated by our students and all library visitors. In our school hall, we now have a permanent display of group photographs of our past Year Six classes since 2004.

In the coming weeks, promotional photographs will be taken around our school to capture the essence of our school in 2014 with current students and programs being highlighted. We look forward to updating displays around our school, newsletter and our website.

### Touch Football

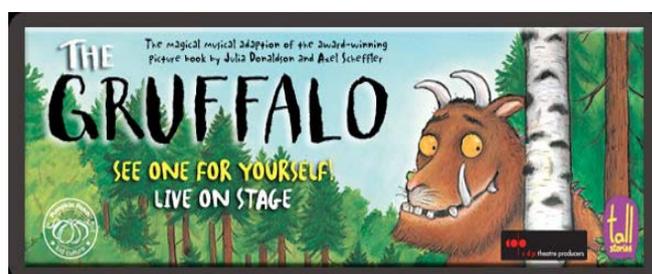

In late July I travelled to Ulladulla to play in the 2014 primary schools state touch tournament. There were 13 teams. The teams were:

- Sydney North (my region),
- Polding, Mackillop,
- CIS (combined independent schools),
- Hunter,
- Sydney
- West Sydney
- East Sydney
- South West,
- North West,
- Riverina,
- Western,
- South Coast,
- North Coast.

### Kinder Excursion (Gruffalo)

The seats are filling fast for the Gruffalo excursion; please get your payments in soon to make sure you don't miss out.

On Tuesday we played 6 games. Won 5 and drew 1. Wednesday we played 5 games and won 4 and lost 1, Thursday we played 1 and had a win. We came first overall and the top 4 teams would go into the semi-finals. We played 4<sup>th</sup> placed Mackillop. We won 1-0 and Polding, beat Sydney West in the other semi-final. We were to play Polding in the Final. In the pool games Polding beat us 3-2 so we had a big game. Fortunately we won 2-1. It was a very tough game and I stayed on most of the time so I was so tired.

It had been a good day and tournament but something else happened that was even better. I was so happy to be selected in the NSW PSSA state touch team to play in the National Championships in Victoria in October.

**Athletics Carnival** Some of our Wamberal athletics stars! Report on the carnival to follow next week.

### The Rakefish Project

It started in Guilford Elementary school, Connecticut, on the East coast of the USA and will be finishing in Australia in approx. 4 weeks before heading to Japan.

My request is for The Rakefish sculpture to take up residence in your school library, for a 1-3 week period, allowing staff and students to open up dialogue into the complex global problem human made pollution and the

impact that it is having on our marine environment. A sculpture made from marine debris by students has travelled to 7 States in the USA including Hawaii and Washington DC, (it has even been photographed with US senators) it has been to the Dominican Republic and has been in Australia since February. I have taken The Rakefish to numerous schools here on the East Coast of

Australia, including schools with large indigenous populations and to several Northern Beaches schools. (Narrabeen North, Barrenjoey High, Newport Public, Elanora Heights and three SRC INSITU workshops involving 15 schools with the Peninsula Community of Schools. (Sharon Smithies)

Recently I ran an indigenous art workshop at The Entrance Public with Russ Molony (Take 3's Indigenous surfer and artist) as part of the marine debris program I had been working on and he will add his touch before it leaves Australian shores.
